Docket No. 03-0407

JOINT STIPULATION FOR ENTRY OF ORDER

JO-CARROLL ENERGY, INC., Complainant, (Jo-Carroll) and ALLIANT d/b/a
INTERSTATE POWER and LIGHT CO., Respondent, (Interstate) stipulate and agree as
follows:

1. Jo-Carroll filed a complaint in the above docket against Interstate claiming the right
to provide electric service to a residence located on the property owned by George Kaspar at
17615B Vinegar Hill Road, Mount Carroll, Illinois, located in the Northwest Quarter of
Section 6, Township 23 North, Range 5 East, Fairhaven Township, as shown on the attached
plat and drawing marked Exhibit A and by reference incorporated herein.

2. The customer has requested electric service to a home located on the property
described in paragraph 1 hereof which residence is located 300 feet east of the Interstate 1965
existing line located on the west right-of-way line of Illinois Route 78.

3. Interstate and Jo-Carroll stipulate that Interstate's July 2, 1965 existing line located
to the west of the customer's residence is closer in proximity to the customer's service
connection point (meter) than is Jo-Carroll's 1965 existing line located to the east of the

customer's service connection point (meter) and therefore Interstate is authorized to provide electric service to the customer's residence as identified on the attached Exhibit A based upon Section 8 of the Illinois Electric Supplier Act (220 ILCS 30/8). The parties have not stipulated and there is no agreement between Jo-Carroll and Interstate as to electrical service to any other portion of the customer's property except as to the customer's residence.

4. Jo-Carroll and Interstate further stipulate and agree that this agreement is based on the maps filed by each party with the Illinois Commerce Commission.

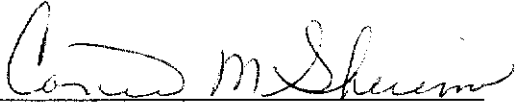

5. Interstate originally presented to Jo-Carroll a map which Interstate represented to Jo-Carroll to be a map of existing Interstate lines filed by Interstate with the Illinois Commerce Commission pursuant to Section 30/4 of the Electric Supplier Act (220 ILCS 30/4) and upon which map appeared service boundary lines which Interstate contended was a designation of Interstate's service territory boundary lines and upon which map also appeared a stamp dated August 20, 1966 and marked "Approved as filed" by the Commission a copy of such map being attached to this Joint Stipulation as Exhibit B and by reference incorporated herein. The parties stipulate and agree that the Exhibit B map is not in fact a map filed with the Commission and approved by the Commission and represents only a map used by Interstate for its internal purposes. The map filed by Interstate pursuant to Section 30/4 of the Illinois Electric Supplier Act representing the July 2, 1965 existing lines of Interstate with respect to the premises now occupied by the customer and which map was approved by the Illinois Commerce Commission on August 20, 1966 is attached hereto as Exhibit C.

6. The parties hereto stipulate and agree that the map marked Exhibit B represents Interstate's unilateral effort to depict the areas that are closer to the parties' respective lines existing on July 2, 1965. The parties further stipulate that Jo-Carroll has not acquiesced to and

the Commission has not in the past and has not in this docket relied upon the depiction in Exhibit B for the determination of either parties' rights under the Electric Supplier Act to serve the customer in this docket and that Exhibit B will not in the future be used by Interstate or any of its employees or agents as representative to Third Parties of the territorial service area allocated to Interstate.

7. Jo-Carroll and Interstate further stipulate and agree that the Illinois Commerce Commission may enter an order providing that Interstate shall have the exclusive right to furnish all electrical service to the residence of the customer.

JO-CARROLL ENERGY, INC.,
Complainant,

By: 
Connie M. Shireman, President
